

Career Transitions for International Medical Doctors

The Career Transitions for International Medical Doctors program assists internationally trained doctors in making a transition into long-term alternative employment in the non-regulated health sector.

Are you an International Medical Doctor?

Skills for Change and Parya Trillium Foundation invite you to attend a joint information session on Career Transitions for International Medical Doctors.

- √ Are you looking for a transition to an alternative career in the non-regulated health care sector?
- √ Are you a Canadian citizen, landed immigrant or convention refugee?
- √ Do you meet the Canadian Language Benchmark Level 7-8?
